Course Description Guide Microbiology

2024

Course Description Form

1. Course Name:

Microbiology

2. Course Code:

Core

3. Semester / Year:

2023/2024

4. Description Preparation Date:

8/4/2024

5. Available Attendance Forms:

Attendance

6. Number of Credit Hours (Total) / Number of Units (Total)

Theory 30

Practical 90

Units 8

7. Course administrator's name (mention all, if more than one name)

Name: ALI monssor

Email: Ali.mo@uowa.edu.iq

8. Course Objectives

Course Objectives	<ol style="list-style-type: none"> 1. To develop problem solving skills and understanding of circuit theory through the application of techniques. 2. To understand basic and clinical applied virology. 3. This course deals with the basic concept of virology. 4. This is the basic subject for all medical science needed.
--------------------------	--

9. Teaching and Learning Strategies

Strategy	The main strategy that will be adopted in delivering this module is to encourage students' participation in the act of studying and learning, while at the same time refining and expanding their critical thinking skills. This will be achieved through classes, interactive tutorials, and by considering some seminars by the students themselves and short presentations of some anatomy subjects to show their upcoming experiments and activities that are interesting to the students
-----------------	---

10. Course Structure

Week	Hours	Required Learning Outcomes	Unit or subject name
8 week	30 hour		

11. Course Evaluation

A - Excellent	امتياز	90 - 100	Outstanding Performance
B - Very Good	جيد جدا	80 - 89	Above average with some errors
C - Good	جيد	70 - 79	Sound work with notable errors
D - Satisfactory	متوسط	60 - 69	Fair but with major shortcomings
E - Sufficient	مقبول	50 - 59	Work meets minimum criteria

FX – Fail	بقرار مقبول	(45-49)	More work required but credit awarded
F – Fail	راسب	(0-44)	Considerable amount of work required

12. Learning and Teaching Resources

Jawets textbook	
Medical microbiology	
Clinical Microbiology Made Ridiculously Simple	
Recommended books and references (scientific journals, reports...)	
Electronic References, Websites
